

euNetworks' Internet Connectivity

Carrier-class connectivity, Enterprise-class service

Your business relies on it to carry mission critical emails, business information, breaking news as it happens and your most important transactions. It's your lifeblood, and that of your people. It's your Internet access.

euNetworks' Internet Connectivity delivers high-performance global Internet access, combining the best features of Enterprise DIA with Carrier-grade scalability and resilience.

We operate a global IP backbone with over 300 peers and customers, over 100Gbps of backbone capacity which we combine with multiple redundant links to the world's largest Tier-1 networks.

The result is seamless, Carrier-grade IP from over 100 data centres across Europe or directly to your door via euNetworks' all-optical metro Ethernet network. And we'll get you up in days, not weeks.

Key Features

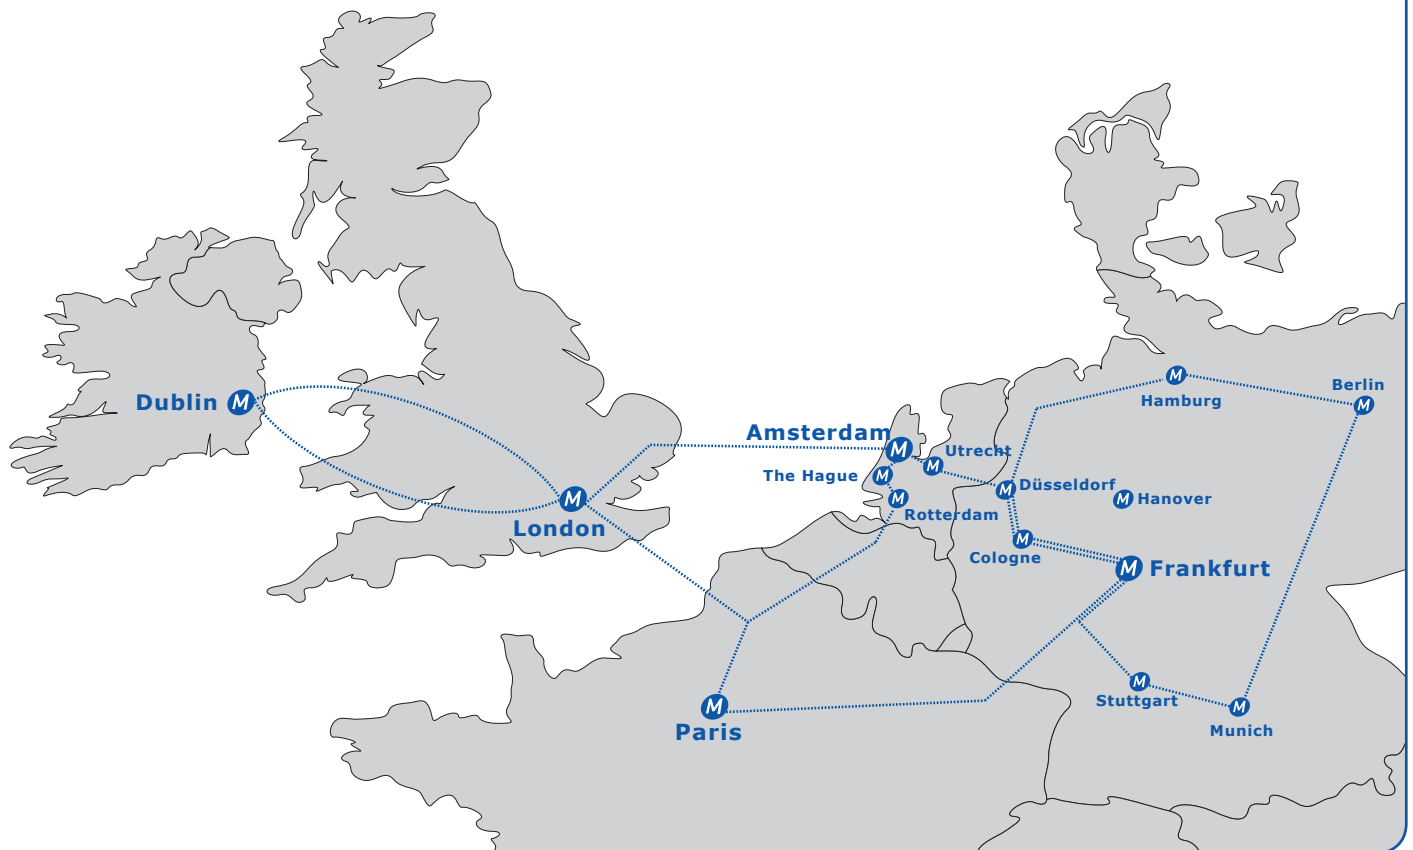

- Presents a seamless service blending multiple Tier-1 providers with our own peers to ensure the best performance and total redundancy
- FastE, GigE or 10GigE Physical Connection, Electrical or Optical and LAGed multiple 10GigE bundles; WAN-Phy or LAN-Phy
- Can be rate limited for budgetary control, or full line-speed burstable
- 24x7 NOC in multiple languages
- Rapid re-route heals the network from failures in sub-50mS
- Simple yet robust SLA, Web-based portal, single point of contact
- Integrated Internet and Ethernet solution – one handoff combining all your services
- Available from over 100 data centres across Europe and over 180 other direct premises
- Dual Stack IPv4 and IPv6 Native

About euNetworks

euNetworks Group Limited (SGX: H23:SI) is a bandwidth infrastructure provider and owns 15 fibre based metropolitan networks across Europe connected with a high capacity intercity backbone. The company offers a portfolio of metro and longhaul Ethernet and Internet Protocol services including dark fibre, dedicated fibre, wavelength, Ethernet, and Internet. Enterprise and carrier customers benefit from euNetworks' unique inventory of fibre and duct based assets that are tailored to fulfil their high bandwidth needs.

euNetworks Group Limited is headquartered in London and publicly listed on the Singapore Stock Exchange. For further information visit www.eunetworks.com.
